WORK EXPERIENCE

SUYA CITY | SOFTWARE ENGINEER

Mississauga, ON | Oct 2024 - Current

- Built and deployed an internal catering web app (**MongoDB, Express, React, Node.js, Tailwind CSS**) to replace a paper-based system, reducing miscommunication by **80%** and cutting admin time by **40%**.
- Designed role-specific dashboards for management, kitchen, and delivery teams, improving order speed and usability.
- Secured user access with **JWT authentication** and role-based permissions.
- Supported **100+** catering orders through the live application, boosting daily tool usage by **3x**.
- Automated key user flows using Selenium, decreasing bugs by **30%**.
- Maintained a modular codebase in Git and delivered iterative feature updates through weekly **Agile** sprints.

IGNITE TECH PLAY | EVENT ASSOCIATE

Toronto, ON | Oct 2022 – July 2023

- Organized robotics team-building events for corporate clients, including Shopify.
- Troubleshoot technical issues with EV3 LEGO Mindstorms robotics equipment.

QUEST SPORTS | CRM ADMINISTRATOR

Ajax, ON | Oct 2022 - Nov 2023

- Customized CRM software to support sales and marketing operations, boosting engagement by 10%.
- Acted as the primary liaison between CRM business users and the CRM onboarding specialist.

THE CUBE SCHOOL OF TECHNOLOGY | CODING INSTRUCTOR

Toronto, ON | May 2022 – April 2024

- Taught coding (Python, Scratch) to kids and technology basics to seniors.
- Developed accessible teaching materials to simplify complex concepts.
